

Knitting Guild December 2009

For our December meeting we met at the Café at Wegmans for our annual Christmas party. There were 18 members present. We had a cheese and cracker tray and a fruit tray, both of which were very good. Also cookies and other goodies supplied by the members. There were 18 members present and we had a great time.

The committee provided 2 games. In the first you cast on 15 stitches and got a partner. Each partner held one needle and the object was to see which team could knit the most in 5 minutes. Cynthia and Ann knit 5 rows and 5 stitches. Eleanor and Lindsey knit 3 rows and 6 stitches.

In the second game a tray of knitting knit knacks was passed and you had a few minutes to study the contents as the tray was passed. After that was done we were told to write a list of as many knitting accessories that we could think of that were NOT on the tray – a big surprise. After 3 minutes Jean had 18 things and Lisa had 13.

After that there was a gift exchange in which you opened a gift from the table and then you could swap it for one of the gifts already opened. There wasn't much swapping as the gifts were all very nice and few people wanted to give them up. This was followed by door prizes. Many thanks to the committee for all their hard work in organizing the party. I can't wait until next year!!!

January meeting: The January meeting will be back at our regular spot in the hospital. The meeting will be 7-9 on Thursday Jan 7 in Conference room 2. The subject for the meeting will be book reviews. Go thru your library and pick out you favorite book and tell the guild all about it. What is your favorite instruction book or pattern book? What book would you recommend for new knitters? What book would you recommend avoiding? Classic book or great new releases are all welcome. See you all there!!
